

Educational Suitability Summary Report

Allison Elementary School

State#01\$0%\$2021

Score 48% Unsatisfactory

Allison Elementary School, serving an enrollment of approximately 10 students in southeast Austin, the Eastside Memorial (a mile of schools, with offices STEA- programs at a rate level.

Originally built in 1900, the campus does not meet many of the current AISD Educational Specifications. Recent modernizations to the campus include 45AC, technology, security, and structural improvements, while leaving the original campus largely intact. The main building plan was a re-configuration with no space for growth. - programs include studios and special education programs are currently housed in portables. While this assessment does not cover the portables, it is assumed that spaces in portables will be more efficient. The main entrance to the building is easily accessible from the street. However, it is small and disconnected from the parking lot. Since the parking lot is located on a dead-end street, cars and buses are required to navigate through narrow streets.

Educational Suitability Summary Report

Score is average.

Power and data supply is inconsistent throughout the campus. Some studios have adequate outlets, while others do not. 770- 5. 5303(m)- 212. 96 Tde[e8. 332212(63. 9)- 2. 14404(e)- 4. 35881(32212(63. 9)- 14. 5719
