

Austin High School Academy

Develop exploratory problem-based learning in Science, Technology, Engineering, Art and Mathematics (STEAM), as well as humanities curriculum at O. Henry Middle School to align with the Austin High School academies. Blended learning programs will be implemented at the elementary schools that feed into O. Henry to give students a seamless transition between grade levels. These programmatic changes will ensure that students are prepared for and will be successful in the Classical Studies, Design & Technology, Global Studies and Science & Innovation academies at Austin High.

Students can cultivate their curiosities in STEAM and the humanities by engaging in real-world scenarios. By integrating some of O. Henry's educational ideology and approach into earlier studies, students can acclimate to changes incrementally and then transition to high school.

To give feedback on this scenario visit <https://tinyurl.com/AISDScenarios>.

Timing will be determined upon a comprehensive assessment of complete School Changes project phasing

Pease Elementary

Academic Program Cost	TBD
Reinvested 2017 Bond Funds	///
Deferred Maintenance Savings	///
Annual Operations & Maintenance Savings	///

Students will return to their neighborhood schools.

Reinvesting resources to enhance academic programming at other district schools.
